**Cc:** [Redacted]  
**Subject:** ACER REMIT Consultation on list of Organised Market Places- BritNed response

Dear ACER

Please find below the response to the REMIT consultation on list of organised market places from BritNed Development Limited.

1. Do you see any omission of errors in the list? **No**
2. Do you think that any organised market place or any information on organised market places is missing, that should be published in order to facilitate transactions reporting under REMIT? **No**
3. Virtual Trading Points are not currently included in the draft list, unless they provide brokering services or are considered as energy exchange. Do you agree with this approach? **Yes**
4. The Agency believes that primary auction platforms for transportation contracts do not have to be listed as organised market places. Do you agree with this approach? **Yes**
5. The final list of organised market places is supposed to include organised market place IDs for the purpose of facilitating transaction reporting under REMIT. Do you agree that this information should be publically available? **Yes: in the interest of transparency all interested parties should be able to know the market place IDs**
6. The list is supposed to be updated in a timely manner. The Agency is currently intending to update the list on a regular basis as and when required. DO you agree with this approach? **Yes, this is the most logical and efficient solution.**

Kind regards / Met vriendelijke groeten,
