Subject: Persijsta: ACER launched a public consultation on the provisional REMIT list of organised market places

Dear Sir, Madam,

we apologize for the delay. Here are Lithuanian NRA comments regarding public consultation of Organised Market Places:

Consultation questions

1. Please provide us with your comments on the draft list of organised market places. Do you see any omissions or errors in the list? Do you think that any organised market place or any information on organised market places is missing, that should be published in order to facilitate transaction reporting under REMIT? Please comment especially the potential organised market place status of those entities marked with an asterisk that had not registered themselves as organised market places at the time when this public consultation was launched. Please justify your reply.

Answer: *as from Lithuanian NRA point of view, there are no errors left and no information is missing. Very well done to include the exchanges that did not register themselves marking them with asterisk, which is the case of Lithuanian Exchange BaltPool UAB – we confirm that it is correct to include it in the list.*

2. Virtual trading points (VTPs) are currently not included in the draft list of organised market places, unless they provide brokering services or are considered as an energy exchange. Do you agree with this approach? If not, please justify your reply.

Answer: *Yes, we agree.*

3. For the reasons stated above (see point 1. in paragraph 4 of this consultation paper), the Agency currently believes that primary auction platforms for transportation contracts do not have to be listed as organised market places. Do you agree with this approach? Please justify your reply.

Answer: *Yes, we agree.*

4. The final list of organised market places is supposed to include organised market place IDs for the purpose of facilitating transaction reporting under REMIT. Do you agree that the list of organised market places should make this information publicly available? If not, please justify your reply.

Answer: *Yes, we agree.*

5. The list of organised market places is supposed to be updated in a timely manner. The Agency is currently intending to update the list on a regular basis as and when required, in particular as and when the Agency is given further information on gaps. Do you agree with this approach? If not, please justify your reply.

Answer: *Yes, we agree.*

Please do not hesitate to ask if you have any other questions.

Best regards
