

Public Notice

ACER initiates the procedure for approving the ENTSO-E proposals for technical specifications for cross-border participation in capacity mechanisms pursuant to Article 26(11) of Regulation (EU) 2019/943.

On 3 July 2020, the European Network of Transmission System Operators for Electricity (ENTSO-E) submitted to ACER their proposals for technical specifications for cross-border participation in capacity mechanisms, pursuant to Article 26(11) of Regulation (EU) 2019/943, and consisting of:

- a methodology for calculating the maximum entry capacity for cross-border participation;
- a methodology for sharing the revenues;
- common rules for the carrying out of availability checks;
- common rules for determining when a non-availability payment is due;
- terms of operation of the ENTSO-E registry; and
- common rules for identifying capacity eligible to participate in the capacity mechanism.

According to Article 26(11), ACER shall approve these proposals based on the procedure set out in Article 27 of Regulation (EU) 2019/943.

In order to inform its assessment, ACER invites interested third parties to submit their observations on the proposals during a four-week [public consultation](#), until **9 August 2020**.

Following this consultation, ACER will consider stakeholder feedback and expects to take a decision on the proposals within the next three months as required by Article 27 of Regulation (EU) 2019/943, i.e. by 5 October 2020.
