Subject: Public Consultation on the provisional REMIT list of organised market places (PC_2014_R_07) - LAGIE

Dear Sirs,

The Greek Electricity Market Operator (LAGIE S.A.) was founded in February 2012 according to the provisions of Greek Law (N. 4001/2011), pursuant to the 3rd European Energy Package. LAGIE is responsible for organizing and operating an official market on electricity, on an exclusive basis, including clearing and settlement of the transactions, providing its services based on transparent, objective and impartial criteria and prohibiting any discrimination between participants in the Electricity Market, under the supervision of the Regulatory Authority for Energy (RAE).

In the context of the above, LAGIE falls under the definitions for organised market places of Article 2(4) of the Draft Implementing Acts, therefore **should be included in the list**, assembled by Agency.

Referring to the consultation under subject, LAGIE being a full member of the Association of European Energy Exchanges (EUROPEX) fully supports the *«Europex response to the Public consultation on the provisional REMIT list of organised market places»*.

Yours sincerely
