

Dear ACER,

HSE d.o.o. has carefully study your Consultation document in which you propose amendments to the proposals for harmonized maximum and minimum clearing prices for Single Day Ahead Coupling (SDAC) and Single Intra Day Coupling (SIDC). In this writing we are sending you our answers to the questions asked in your consultation process PC_2017_E_02 – Consultation on maximum and minimum clearing prices for single day-ahead and intraday coupling.

Q1: Do you have any concern with respect to the new proposed automatic adjustment rule for $P_{\max DA}$ and for $P_{\max ID}$? If so, please explain thoroughly why.

A1: If automatic adjustment rule shall be applicable to Pmax then we propose shorter adjustment period (e.g. 5 days)

Q2: Which of the three proposed options for the $P_{\max DA}$ would have your preference? Please explain thoroughly why.

A2: Option 3. We believe least regulation to maximum price is most beneficial and reflects market conditions present at such states.

Best regards
