Ls,

The Agency for the Cooperation of Energy Regulators invited third parties to submit their views with respect to the Agency's proceeding to decide on the single capacity booking platform(s) to be used at the border between Germany and Poland, at the "Mallnow" physical interconnection point ("Mallnow IP") and at the "GCP" virtual interconnection point ("GCP VIP").

On behalf of Gasunie Transport Services B.V. we would like to respond as follows:

The PRISMA European Capacity Platform GmbH ("PRISMA") has already replied to your public consultation. As a Shareholder of PRISMA we fully support the feedback PRISMA has given. Therefore please find attached an identical consultation document equal to the feedback PRISMA provided. With our direct participation in your consultation process we would like to underline the importance of a new decision in the upcoming tender process and point out the significance and accuracy of the comments PRISMA has given.

Met vriendelijke groet
