11:50-11:55	<b>Q&amp;A session</b> all
11:55-12:00	<b>Wrap-up</b> ACER

### Webinar Objective:

- present the context and process for ACER's upcoming decisions on the amendments to:
  - o the single allocation platform methodology;
  - o the congestion income distribution methodology; and
  - o the firmness and remuneration costs methodology.
- provide an overview of the TSOs' proposed amendments, ACER's initial view on those and present the questions set out in ACER's public consultation, and address stakeholders' queries;
