Webinar objective

This webinar aims to support stakeholders in understanding the updated REMIT data reporting framework (i.e. revised Implementing Regulation and new Delegated Regulation), by:

- presenting the new acts and their practical implications for energy market participants;
- providing insights on next steps for implementation, including guidance documents; and
- addressing stakeholders' questions.

Pre-reading material

Participants are encouraged to read the following before the webinar:

- Revised REMIT Regulation ([2024](#))
- Revised Implementing Regulation on data reporting (upcoming)
- New Delegated Regulation on authorisation and supervision of reporting entities (upcoming)
