	Article 8(2) – Network codes in areas referred in Article 8(6) - but not relating to requests from the European Commission pursuant to Article 6(6)	Option not implemented by ENTSOG	Not applicable
Article 8(3) – Other acts and documents to be adopted by ENTSOG	8(3)(a) common network operation tools to ensure coordination of network operation in normal and emergency conditions, including a common incidents classification scale, and research plans	No execution	The Agency has indicated in the opinions on ENTSOG's Annual Work Programme 2012 and 2013, and on ENTSOG's 2011 Annual Report that ENTSOG should deliver on this task. ENTSOG responded in its 2012 Annual Work Programme that this task is closely related to the interoperability network code to be developed. ENTSOG has reasoned that there should first be a clearer picture of the issues to be handled by the interoperability network code before they can start working on the common network operation tool.
