

The image shows a graphic with a white top section and a blue bottom section. The blue section features a background image of a power line tower and data charts. In the top right corner of the white section, there is a small version of the 'E-CONTROL' logo. Below the blue section, the text 'Registration Format –ACER Public Consultation' is centered, followed by '3rd May 2012' on the right. At the bottom left, the name 'Geoff Boon' and his title 'Programme Manager, Energy markets governance & REMIT' and department 'Volkswirtschaft/Economic Department' are listed.

E-CONTROL

Registration Format –ACER Public Consultation
3rd May 2012

Geoff Boon
Programme Manager, Energy markets governance & REMIT
Volkswirtschaft/Economic Department

Registration

This public consultation's objective is to get your opinion on:

Process
+
List of Information Items

3

Registration

- Concerning registration, Market Participants will interact with their NRA and not directly with ACER.

4

Registration

- Energy regulators are seeking a registration process that is:
 - Simple to use;
 - Inexpensive to implement;
 - Easy to integrate with our existing systems.

5

Registration

- Wherever possible an existing standard and process should be used, provided that REMIT requirements are met;
- Pre-population of the system from other existing sources of information is a possibility.
- There are many different requirements from all 27 countries (soon to be 28);

6

Registration

The registration process is attempting to identify the commonality between nations to a central core set of requirements.

...whilst preserving local needs for individual nation states.

7

Registration

The implementing acts as envisaged in Article 8 para 2 and 6 will provide additional clarity.

8

Registration

Feedback is invited on the options presented, and how the envisaged process might be applied.

9

Thank you for your kind attention!
